

IBO PRO PLAYER

Comment installer l'application IBO PRO PLAYER sur votre appareil (TV - TÉLÉPHONE - PC - BOX...etc) ?

Vous pouvez trouver **IBO PRO PLAYER** sur le store de votre appareil. Comme **Google PlayStore** pour **Android & Smart TV** ou bien **AppStore** pour **IOS**.

L'application ne propose pas son propre contenu, il faut donc un **URL M3U**, c'est à dire un abonnement IPTV.

Comment configurer IBO PLAYER ?

Nous vous montrons maintenant comment configurer votre abonnement sur l'application **IBO PRO PLAYER** en utilisant votre **M3U URL**. Une fois l'application installée, lancez-la pour que son **MAC ADDRESS** et **DEVICE KEY** s'affichent à l'écran.

Allez sur le lien affiché sur l'écran : <http://iboproapp.com/>
